Hi James,

Yes, this presentation is from the one-thirds Willets Point project.

Best,
Jason

Hello Jason,

Sorry for the late reply, as you are aware the government was shut down for 2 weeks and was catching up on my emails.

Thanks for the attached pdf file, I assume this presentation was for the one-third portion of the willets point BCP?

James

Dear James,

Attached are a few PowerPoint slides from the group handling the Willets Point redevelopment (from a presentation to the City Council).

It may be of interest regarding the Superfund petition.

Kind regards,

Jason
